

The Joy of Color
Discovering Oil Pastels
A Weeklong Creative Retreat at The Gathering

Join us at The Gathering at Long Point for a weeklong, hands-on retreat that will introduce you to the rich, vibrant world of oil pastels.

Oil pastels offer the same rich, creamy application, luminous color and expressive depth as traditional oil paints — with the added convenience and portability of a stick form. It's the perfect blend of professional-quality results and easy, mess-free creativity.

Set in the inspiring beauty and quiet of Long Point, you'll be surrounded by rolling hills, the sparkle of the lake, and the peaceful rhythm of nature. It's the ideal setting to slow down, breathe deeply, and let your creativity soar.

Stormy Shafer, professional illustrator and fine artist teaches in a supportive, enthusiastic classroom.

A fun, encouraging week of creativity, learning, and rediscovering the joy of making art!
